**3RD
ANNUAL**

TAG YOU'RE IT!

50 STATE CHALLENGE

September is pediatric cancer awareness month and we need your help to raise awareness and fight for a cure for pediatric cancer.

OUR STORY

A little boy named Walker dreamed of a better world. When he was diagnosed with cancer, he discovered the power of compassion. It all began with a simple teddy bear, gifted to him by a little girl. And that precious act of kindness ignited a special mission in him – to bring hope and support to other children fighting cancer. Together, let's make Walker's dreams come true. Join the fight against childhood cancer.

WHY WE FIGHT?

The facts surrounding childhood cancer are staggering.

Only **4%** of federal government cancer research funding **goes to study pediatric cancer.**

1 In every 285 children will be **diagnosed with cancer.**

Our mission is to empower kids to join the fight against childhood cancer.

Cancer is the **leading cause of death** by disease past infancy among children in the USA.

The **average age** for a child diagnosed with cancer is **6.**

Americans spend **more at Starbucks** in a weekend **than** the federal government gives to pediatric **cancer research in a year.**

WHAT WE FUND?

Join KJTF in making a difference for children battling brain cancer. With our direct grants, we support early stage clinical trials for immunotherapy treatments. We also collaborate with the St. Baldricks foundation to fund Medulloblastoma research through the WithWalker fund. Together, let's bring attention to the urgent need for more funding in pediatric cancer.
